Dear Valued Community Member,

The student presenting you with this form is requesting a donation that will help reduce their tuition to a week-long summer program called Young Entrepreneurs Business Week (YEBW).

In partnership with the Austin Entrepreneurship Program at Oregon State University students will reside in Weatherford Residential College. YEBW is a unique immersive entrepreneurship program designed to provide students a truly hands-on experience in the key areas of business fundamentals, financial investments, and leadership development. YEBW teaches real world business skills in a fun, challenging and interactive environment, with the goal of developing the next generation of business owners, entrepreneurs, CEO's, and community leaders.

By acting as an executive management team and running their own business, students will be placed into companies with 10-12 other high school students. Companies will elect official positions, such as CEO, CFO and COO. Each company will dive into the world of business and entrepreneurship by participating in a simulated business (BIZSim) and compete for market share. Additionally, they will create a business and marketing plan to launch a startup venture.

In order to afford such a tremendous program, this student needs your help! All students are asked to pay a portion of the total cost to participate in the program. This includes all meals for the week, housing in a college dorm, and all program materials. Any amount you can contribute, will give this student the opportunity to make it to the program. Your support is fully tax deductible.

Thank you for helping this student.

Respectfully,

Maurissa Fisher
Co-Founder & Executive Director
Young Entrepreneurs Business Week
